Assurant Specialty Property Expands Product Offerings in Dynamic Multifamily Renters Market by Acquiring SureDeposit

NEW YORK, June 22, 2011 -- Assurant, Inc. (NYSE: AIZ), a premier provider of specialty insurance and insurance-related products and services, announced today that it has purchased SureDeposit, the leading provider of security deposit alternatives to the multifamily renters industry, in an all-cash transaction from Converge Services Group, LLC.

“Assurant targets acquisition opportunities which enhance our existing specialty businesses and provide long-term growth opportunities for our shareholders,” said Robert B. Pollock, president and CEO of Assurant, Inc. “SureDeposit is an excellent strategic fit with our Specialty Property business and the purchase will be modestly accretive to earnings from the start. This acquisition reinforces our commitment to disciplined deployment of capital as we add complementary specialty products to our business portfolio in balance with share repurchases.”

Assurant will discuss financial details of the transaction on its second quarter conference call scheduled for July 28, 2011.

“The dynamic renters market in the U.S. makes this new product offering for Assurant Specialty Property particularly attractive to multifamily property managers and consumers looking for alternatives to traditional security deposits,” said Gene Mergelmeyer, president and CEO of Assurant Specialty Property. Kathy McDonald, the Property Solutions business unit president added, “SureDeposit fits well with our group, expands our risk management offerings, creates natural cross-selling opportunities and will provide new revenue streams in this growing market niche.”

SureDeposit, a privately held company headquartered in Livingston, N.J., has longstanding relationships with multifamily property managers and owners in 43 states. SureDeposit offers renters a surety bond alternative to the traditional security deposit by allowing residents at participating apartment communities the option of avoiding more expensive security deposits with the payment of a one-time bond premium. This makes it easier for residents to move into their new rental units at a fraction of the cost of a traditional security deposit. In the event of damage at the end of the lease, SureDeposit reimburses the property manager or owner, and the renter in turn reimburses the surety bond company. SureDeposit has more than 1,500,000 apartment units under agreements in nearly 4,500 communities nationwide. The SureDeposit workforce of 35 employees is being offered employment with Assurant Specialty Property.

“We are proud to join the Assurant team to expand the reach of SureDeposit’s unique risk management and marketing programs,” said Stuart Litwin and Dan Rudd, founders of SureDeposit. “Our unique product offering continues to gain traction among multifamily property managers and owners nationwide, underscoring the strength of our company, the commitment and professionalism of our employees, and our great client relationships. With the added resources of the Assurant team behind us, we expect the momentum to accelerate.”
